Dresden, 14.11.2019

### Exelonix REACH Statement

Under the definition of the REACH regulations EC1907/2006, Exelonix GmbH is a producer of “articles”. REACH requires article suppliers to inform recipients if an article contains a Substance of Very High Concern (SVHC) in excess of 0.1% by weight. The EU announced on June 15th, 2019 an updated list of the candidate 197 SVHC chemicals. The list can be found at:

[http://echa.europa.eu/chem\\_data/authorisation\\_process/candidate\\_list\\_table\\_en.asp](http://echa.europa.eu/chem_data/authorisation_process/candidate_list_table_en.asp)

In addition to changes made in Annex XVII fall within this list of SVHC: Per COMMISSION REGULATION (EU) No 276/2010 of 31 March 2010

Based on the material content certifications provided by Exelonix’s suppliers, none of these substances are present in the materials we use in our products, including packing and shipping materials. Therefore, Exelonix products do not contain any of these SVHC in excess of 0.1% by weight.

Exelonix GmbH will continue to comply with REACH requirements and notify customers of any change in article content.

Dr. Matthias Stege
